DID YOU KNOW?

EVERY JOB CAN BE HAZARDOUS TO YOUR HEALTH

Asthma, Back Pain, Repetitive Strain Injury, Skin Problems, Stress, Mental and many more conditions can be Work induced.

Many workplace health issues can be prevented and overcome by identifying causes and making necessary changes.

WE CAN HELP!

We'll work on your behalf to address your difficulties including liaising with your GP, Employer and other parties where necessary.

Cancer Diagnosed - We also have a specialist Macmillan funded adviser in place to support those affected by cancer and the effect on your employment.

(This service is funded by Macmillan Cancer Support and hosted by Leeds Health Advisory Service)
